File: Private Snow Removal

January 28, 2020

**TO: RESIDENTS OF THE TOWN OF MAIDSTONE
BUSINESSES OF THE TOWN OF MAIDSTONE**

RE: SNOW REMOVAL – SIDEWALKS & SNOW FROM YOUR PROPERTY

It has come to our attention that there are various sidewalks without the snow removed and others that melting snow and freezing ice has occurred making them very treacherous. One resident was injured and we would like to protect every one moving forward.

Therefore, this letter is to kindly ask every resident and business owner to please keep their sidewalk clear of snow and ice. The responsibility lies on each property owner to keep their sidewalks clear and safe for people to walk on.

As well, please do not place snow piles on the roadway or pile up snow by intersections as that situation becomes unsafe when visibility is decreased.

We appreciate your conscientiousness in keeping the sidewalk clear and people safe while walking in front of or beside your property. THANK YOU.

Sincerely,

Elaine Knowlson
Administrator
